(54) Title: A JOINT ASSEMBLY

FIG. 1

A joint assembly 10, comprising a pair of spaced parallel elongate members 12, 14, the first and second parts being mountable together in a first position and a second position. The first and second parts are joined by a bracket 16, the bracket 16 being mounted to the first and second parts by a pair of fasteners 18, 20. The bracket 16 provides a first support surface and a second support surface, the first support surface being adapted to support the first part 12 and the second support surface being adapted to support the second part 14.
